Subject: Letter of intention to purchase the product

Dear Ubotech,

Hereby we would like to inform you that VINN food and service intend to purchase the Salad Robot from UboTech, the world first fully automatic Salad Robot that you're currently developing, which customizes automatically salad meals from 22 different ingredients within one minute. We're informed that the first manufacturing batch of this machine is expected to be delivered to VINN in September 2021.

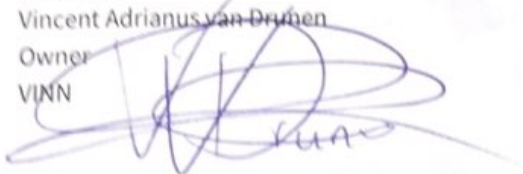

The product which is currently demonstrated to VINN food is still containing 10 ingredients and will allow having the storing capacity of 22 different ingredients for the ready salad meals in the future.

Sincerely,

Vincent Adrianus van Drunen
